

City of Rainier

Sanitary Sewer Connection Application

Connection Fee \$100.00
System Development Charge \$2,645.00 Per EDU

I, _____ apply for permission from the City of Rainier, to connect my dwelling to the City of Rainier Sanitary /Sewer Collection System. This connection will remain temporary until all construction items are complete as outlined on the plot plan and building permit, and after an occupancy permit is issued for the dwelling. At no time shall the dwelling be occupied as a residence prior the issuance of an occupancy permit. If the City discovers the dwelling is being used as a residence prior to the issuance of an occupancy permit, this service will be terminated until such time as a permit is issued.

The actual cost of the tap, connection, excavation, main line extension (including engineering) and all materials are the responsibility of the property owner and are not provided by the City of Rainier. This permit only provides for the sewer connection and does not infer or suggest that sewer is actually available without a main-line extension. If a main-line extension is required the applicant shall extend the main line from the existing end point to the far property boundary or as determined by the City.

All construction work done within the boundaries of the City of Rainier must be performed by a contractor licensed by the State of Oregon Contractors Board pursuant to ORS 701.055 and Rainier Ordinance 829, or be done by the property owner. All work within the public right-of-ways shall follow all City of Rainier, APWA, Oregon DEQ, Oregon OSHA, Oregon Health Division, State of Oregon, and Columbia County Rules and Ordinances, and all excavations shall be inspected by the City before any trench is back filled.

This permit is valid for a period of 180 days from the date of issuance. If the connection is not completed by the end of the time period, the permit becomes void and the applicant will receive a 50 percent refund.

Location of Dwelling (Address and Tax ID No.) _____

Oregon Contractors Board License Number: _____

I have read and agree to follow all the above stipulations, and to have all construction inspected or this permit shall become void.

Applicant Signature: _____ Date _____

Approved by Superintendent of Public Works: _____ Date _____

Date project completed and inspected: _____
